LILUOKALANI REVOKES FAMOUS TRUST DEED SUGAR TRUST MAN GETS TWO YEARS

Alden Besse Is Outlaw Ship

Sails Away Despite Attachment Writ—
Captain Miller Denies
Authority

High Sheriff Henry nailed a writ of attachment issued by Judge W. J. Robinson to the foremast of the bark Alden Besse yesterday afternoon, the document being the outcome of a suit instituted by Jacob Rosenberg, a local scrap iron dealer, who alleged that a portion of the nine hundred tons of old junk loaded into the bark had not been paid for.

Ship and writ were found to have disappeared this morning, Captain Frederick Miller, who is taking the Alden Besse to Redondo, having ignored the admonition of High Sheriff Henry that he hold the bark until the Rosenberg claim had been adjusted.

The Alden Besse sailed out of the harbor in tow of the Mokoli'i shortly after 7 o'clock this morning. The vessel is now well on her way outside the three-mile limit and, favorable winds permitting, the ancient craft will make all possible speed towards Southern California.

Before sailing, Captain Miller is said to have defied the authority of

the High Sheriff in that he claimed that the Territorial official had no jurisdiction over his craft. The Alden Besse cleared for Redondo on last Tuesday, and according to Miller nothing save a United States marshal, acting under orders from a Federal court, could detain the Alden Besse under such circumstances.

After a consultation with his attorneys, Miller served notice upon the High Sheriff that he intended to sail and he carried out his intention, much to the surprise as well as the amusement of a number of waterfronters who have been awaiting the outcome of the trouble.

In the meantime there are several tons of scrap iron on the wharf which were left behind by the Alden Besse owing to a mandate from the insurance underwriters, who refused to insure ship or cargo if more than the legal allotment of cargo was taken aboard.

The Alden Besse is expected to return here with mainland cargo, including an ice-making plant.

QUEEN REVOKES DEED OF TRUST— WANTS ESTATE

WILDER DEMANDS PROPERTY RETURN

In conformity with notification from Washington by ex-Queen Liliuokalani that she had on January 21, revoked in its entirety her deed of trust to A. S. Cleghorn, W. O. Smith and C. P. Laukea, Arthur Wilder, of the firm of Thompson, Clemons & Wilder, this morning made a formal demand upon the three trustees for the return of the property of Liliuokalani that came into their possession by the terms of the deed of trust dated December 2, 1909.

The notification of the Queen's revocation came as a complete surprise to the three trustees and a special meeting will be held this afternoon to act on the demand made by Judge Wilder, based on the letter received from Liliuokalani at Washington.

There is considerable mystery as to the motives that have actuated the Queen in deciding to revoke the trust deed which made complete provision for the control of her estate during her lifetime and its disposition at her death.

A number of bequests were made for the purposes of charity and all of her possessions and holdings were incorporated within the provisions of the trust deed with the exception of Washington Place and "Keoluahian," at Waikiki.

In the legal phraseology of the document on which the Queen has now set the seal of her disapproval it provides that Liliuokalani "does, hereby Frank, the convey, assign, transfer, sell, give and deliver unto the said trustees, and singular her right

and title and estate of every nature and description."

Judge Wilder declared this morning that he knew nothing as to the reasons that have moved the Queen in her decision to abrogate the terms of her deed of trust to Cleghorn, Smith and Laukea.

He stated that it devolved upon him to inform the trustees of the Queen's action and to make formal demand upon them for the return of the property.

Frank Thompson of the firm of Thompson, Clemons & Wilder is now in Washington as is also Prince Kuhio, the Delegate to Congress. In the event of Liliuokalani dying intestate her heirs would be Prince Kuhio and the children of the late Prince David.

Nippu Jiji Attacks Breckons

Declares Troubles With Eyesight Is a
Deserved Visitation For
Methods

The Nippu Jiji will have to answer for a number of articles in which attacks are made on U. S. Attorney Breckons.

Portions of the articles follow:

Nippu Jiji (January 19). UNITED STATES DISTRICT ATTORNER IN DANGER OF LOSING SIGHT.

It is reported that U. S. District Attorney Breckons sent a cable to the Attorney-General at Washington asking him for a leave at once and as soon as he gets permission he will start for the East.

As is well known, he is single-

ed, and as his only eye is now in a doubtful condition, he is contemplating going to the East to receive specialist's treatment.

This trouble may not be the punishment of God for his prosecution of numerous Japanese!

Nippu Jiji (February 4).

What an abominable attitude of a fellow who becomes the planter's dog during the strike and now assumes the position of—(an American spy is hinted)—in the poachers' case!

Nippu Jiji (February 3). THE POACHERS ARE CERTAINLY TO BE ACQUITTED.

CAPTAIN WEEDON FINED FOUR DOLLARS

Master of Lurline Pleads
Guilty To Dumping
Oil

At the police court this morning the case of Captain Weedon of the S. S. Lurline, who was charged with allowing oil to run into the harbor from his vessel, was taken up. Abe Lewis Jr. appeared for the captain, who was not in court, and a plea of guilty was entered. The captain was fined \$1 and \$3 costs.

Judge Thayer was on the bench, and on the plea being entered he fined Captain Weedon the amount stated and then added: "Sentence will be suspended for thirteen months."

There was at once a stir in court, and Lewis, getting to his feet, said: "I take that, your Honor, to mean that we have not to pay the fine or costs for thirteen months." Then the judge put on his thinking cap, and after some deliberation replied that he would annul that part of the sentence referring to the year and a month.

The fine, therefore, is \$4 altogether, and the matter is ended for the present.

RUSSIANS LEAVE HAWAII PLANTATIONS

Dissatisfaction continues to exist among a number of the Russian immigrants who have lately arrived at Hawaii from southern Manchuria as a result of the campaign for labor now being carried on by special agents A. L. C. Atkinson and J. W. Perelstous. The inter-island steamer Claudine brought five Russians among her Honolulu-bound passengers this morning. In leaving the vessel they announced that they would attempt to find other employment in or near Honolulu.

For some weeks past, Russian families including parties of from three to a half dozen persons, have been drifting back to Honolulu from the various island plantations. Some of these people remain here but a short time and then take outgoing steamers for the mainland.

INSULTS GIRLS.

Kamona, a Hawaiian youth of about eighteen years of age has been taken to the police station for investigation. Two young girls complained to the Sheriff that as they walked down King street past the fishmarket, the youth had called them some vile names and had used some force expressions.

The boy is said to be a Kakaako tough and he will have to explain matters tomorrow morning in the Police Court.

ISLAND FOLK FOR FLORAL PARADE

Carnival Feature May
Bring Many
Visitors

People of Hawaii, Maui and Kauai have been awakened to the big event which is to be pulled off in Honolulu on February 21 and 22 and arrangements have now been perfected whereby a large delegation from the other islands may be permitted to visit the city and witness the Floral Parade and Elks' Carnival at a greatly reduced rate of fare.

Manager Kennedy of the Inter-Island Steam Navigation Company has come forward with a scheme of reduced steamship passages and an alteration of schedules which should preclude the presence of many island visitors.

The Inter-Island Steam Navigation Co., Ltd., will issue round trip tickets by the steamers Mauna Kea and Kilauea, to passengers from Hawaii, Maui and Kauai who wish to attend the Elks' Carnival and Floral Parade.

S. S. Mauna Kea will arrive Honolulu regular time on Saturday, February 19. Returning, will leave Honolulu on Wednesday, February 23, at 9 o'clock a. m. (instead of Tuesday), arriving at Hilo about 6 a. m. Thursday morning in time to catch the morning train to the Volcano.

JAPANESE SHOT BY SAILOR WILL RECOVER

Kaichi, the Japanese who was shot by Hussey at Iwilei, is getting on well at the hospital, and the doctors now say that the man will recover. The bullet, in some strange manner, just missed penetrating the intestines of the Japanese, and after cutting a track around the man's stomach, did no further damage.

Hussey and his mate are still being held at the police station, although no charge has been laid against the former as yet. As soon as it is certain how Kaichi is to fare after the shooting, a charge will be laid against the sailor.

HOUSE ROBBED.

Last night the house of Mike Harvey on the Agilum road was entered by someone and a bag containing 50 cents taken from the place where it was hanging on a nail.

Chief of Detectives McDuffie quickly got on the trail of the thief and expects to land him this afternoon. A discharged servant is suspected, and there is no doubt of his being up for investigation before long.
